Mini Excavators

Compact mini excavators. Agile, precise, for every job.

GP01MB

Mini Excavators

NEW

The GP01MB is a compact 1-tonne class mini excavator, ideal for tight construction sites, garden and landscaping work, civil engineering and house connections. With a transport width of only 750 mm, it fits through any house door and onto any trailer.

The Kubota Z482 Stage V diesel engine delivers 9.9 kW (13.5 hp) at an operating weight of 1050 kg and a maximum digging depth of 1700 mm. The foldable rubber tracks (180 mm) protect sensitive surfaces such as pavement, lawns and garden paths.

Articulated Loaders

Articulated wheel loaders. Robust, precise, uncompromising.

GP010

Articulated Loaders

NEW

The GP010 is an efficient, versatile articulated wheel loader delivering high performance and power for daily professional use in construction, agriculture, horticulture and warehouse handling. Thanks to its robust build quality and modern Kubota Euro 5 (V1505) engine, this machine delivers unmatched performance in any situation.

With 24.47 hp engine output across 4 cylinders, the GP010 guarantees reliable performance and reaches a top speed of up to 12 km/h. The 0.5 m³ bucket with 1650 mm width and a maximum dump reach of 603 mm at full height enables fast, easy loading and unloading. A lift height of 2750 mm allows the GP010 to handle a wide range of tasks — from material transport to work on demanding terrain.

Scope of Delivery

GP010 loader · standard 0.5 m³ bucket · mechanical quick-change system · joystick control · delivery within Germany and BeNeLux

Available Attachments

- snow plough
- 4-in-1 bucket
- pallet fork
- mower
- crocodile grab
- auger
- drill FI30/120
- bale grab
- bucket with grab

Front Loaders

Front loaders for tractors from 20 to 180 hp. Euro mount, parallel linkage.

MTS-400

Front Loaders

The MTS-400 is a compact front loader for small tractors from 30 to 50 hp, ideal for hobby farming, horse stables and small nurseries. Lift capacity 400 kg, lift height 2500 mm.

Heavy-duty welded construction with steel tube frame, Euro/SMS mount for a wide range of attachments (bucket, pallet fork, bale grab). Mechanical quick-change standard, hydraulic quick-change on request.

Attachments

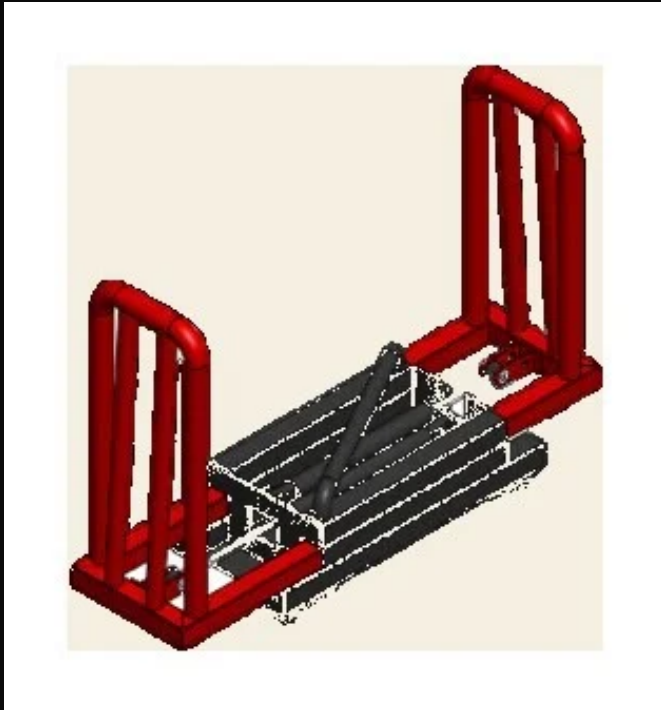

Attachments for every job. Tool-free quick-change system.

ATTACHMENTS

Ballenzange CHB-01

Lifting clamp for round bales up to 1100 kg.
Heavy-duty steel construction, hydraulic grip force,
standard Euro mount. Working range 800–1850 mm.

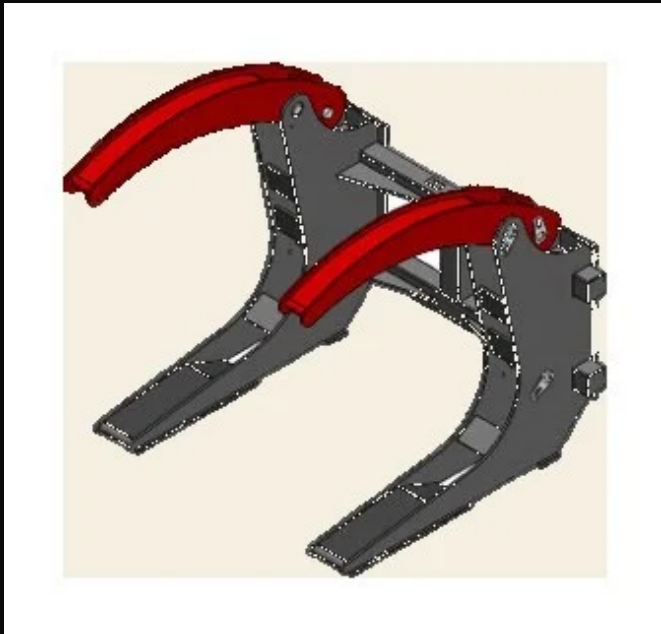

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Quaderballenzange CHBK-01

Square bale clamp for cube bales up to 1400 kg.
Extended grip range 900–2100 mm, reinforced
frame.

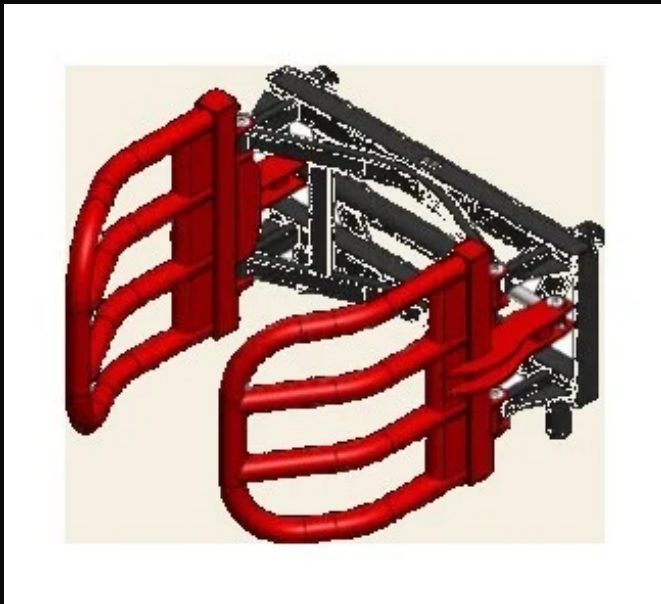

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Dunggabel WDO-01

Manure fork with hardened tines for muck and bedding. 6 width variants, 6–10 tines. Robust tine-to-frame connection.

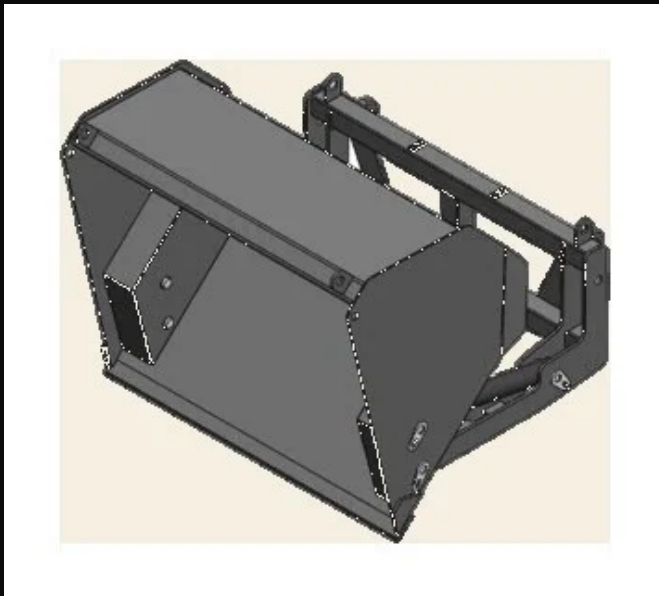

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Holzzange HZ-01

Hydraulic timber grab for logs and split wood. Grip range up to 970 mm, high clamping force, long-life bushings.

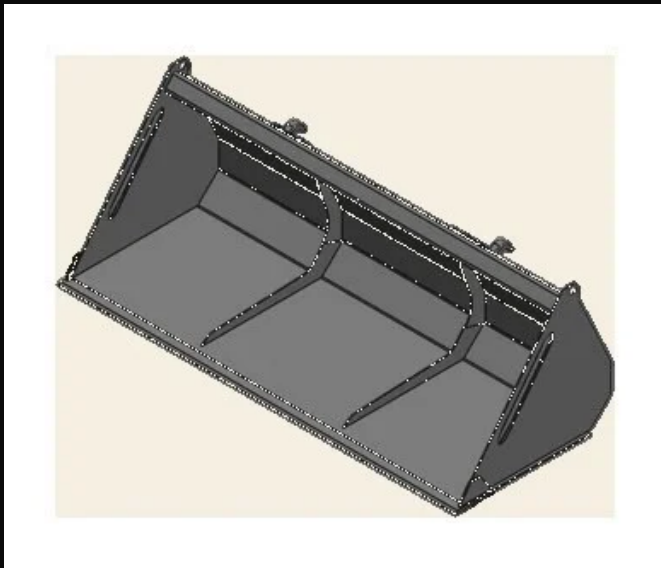

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Hochkippschaufel LDW-01

High-tip bucket for unloading over side panels. 7 width variants 1200–2400 mm, volume 0.52–1.30 m³. Lift capacity refers to bulk material up to 1100 kg/m³.

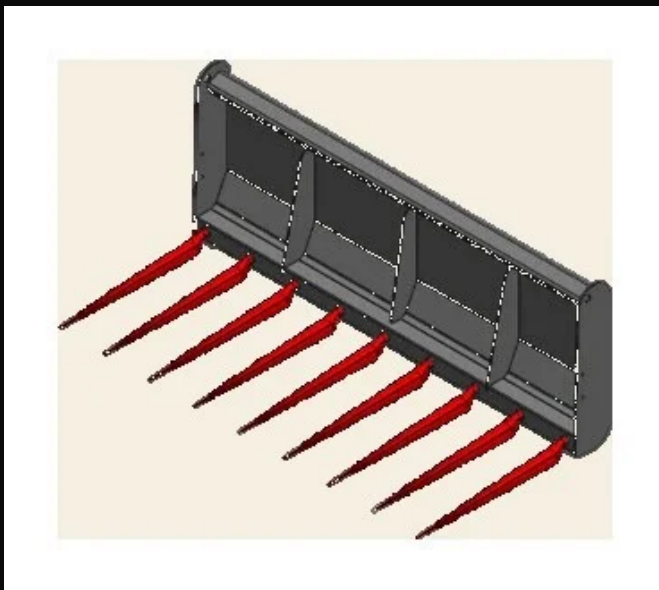

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Schaufel IA-01

Universal bucket IA-01 for bulk materials, sand, gravel and earthworks. 8 width variants 1200–2400 mm.

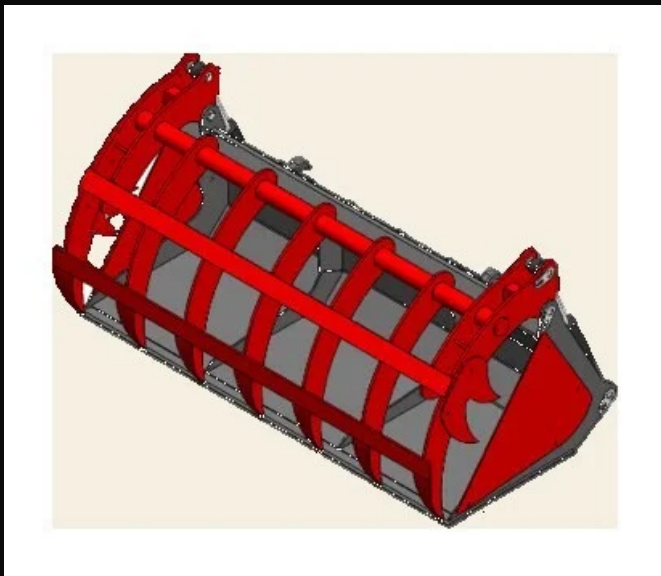

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Schaufel IA-02

Large-volume bucket IA-02 for high-piled materials. 8 widths 1250–2400 mm, volume 1.00–1.99 m³.

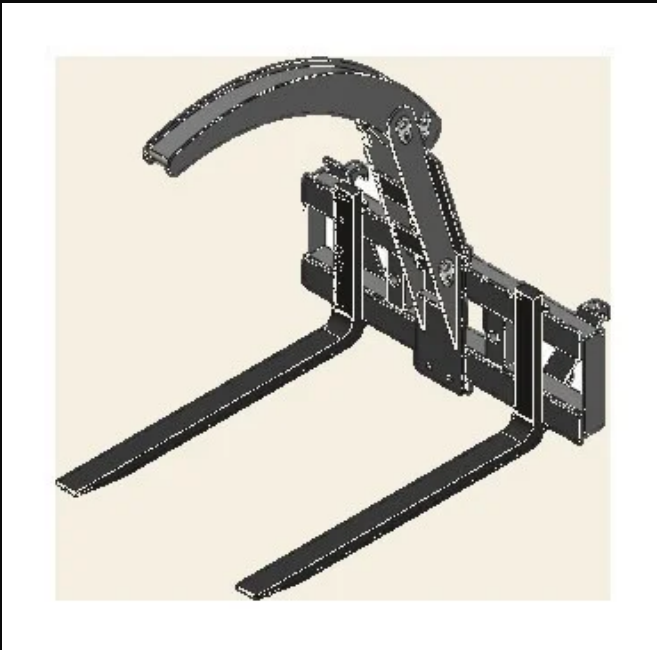

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Niederhalter NH-01

Top clamp for securing loads on pallet forks and bale clamps. Hydraulically operated, working range up to 1350 mm.

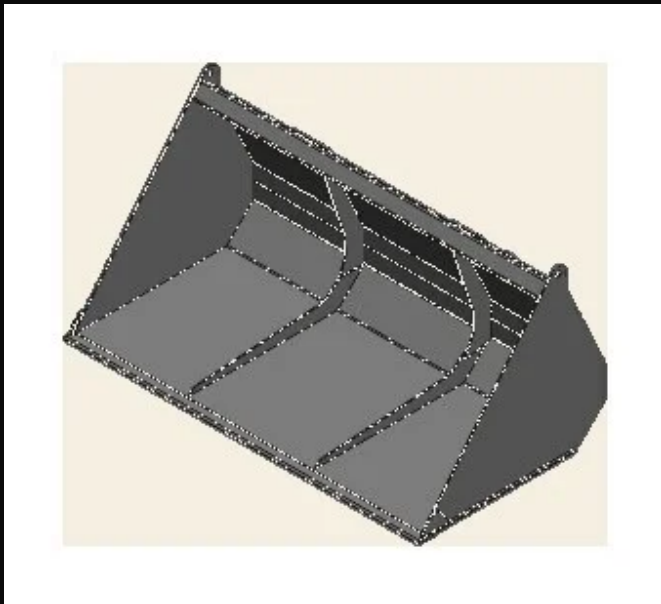

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Palettengabel 2.5 t

Standard pallet fork with Euro mount. Lift capacity 3500 kg, tine length 1200 mm.

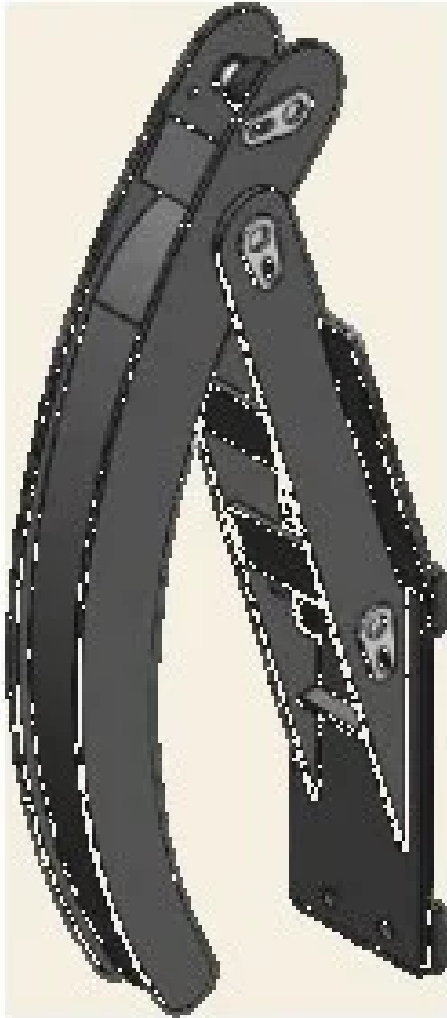

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Palettengabel mit Niederhalter PGN-01

Pallet fork with integrated hydraulic top clamp.
Secure load fixation during transport.

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Staplerschaufel LS-01/02

Forklift bucket LS-01/02 with fork mount. Converts any forklift into a loader. 7 widths 1200–2400 mm.

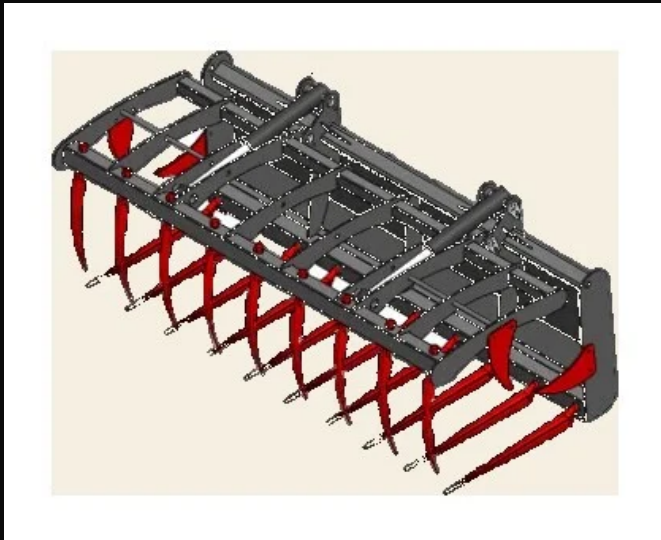

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Mist-Krokodilgebiss KZK-02 / KZP-02

Manure crocodile grab KZK-02/KZP-02 — combined bucket with grab arm for stable manure and silage. 6 widths 1250–2400 mm.

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Greifschaufel LKZK-01

Grab bucket LKZK-01 — universal grab with hydraulic flap. Heavy-duty construction for intensive use.

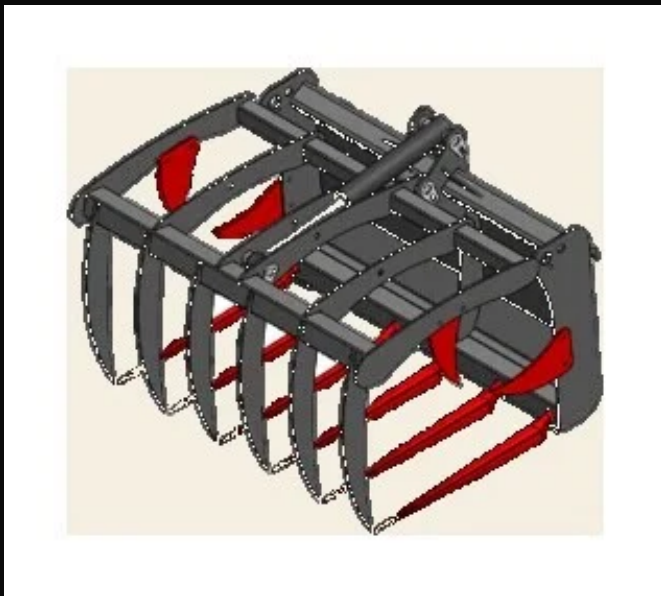

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Mist-Krokodilgebiss KZK-01 / KZP-01

Compact manure crocodile grab KZK-01/KZP-01 for smaller loaders and mini excavators. 4 widths 900–1200 mm.

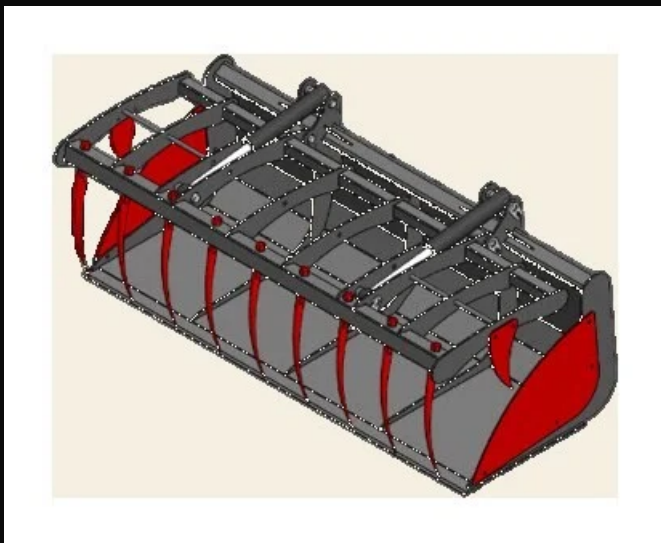

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Strohgabel

Straw fork for bales, hay and straw. Two sizes — compact 1200 mm or wide 2400 mm.

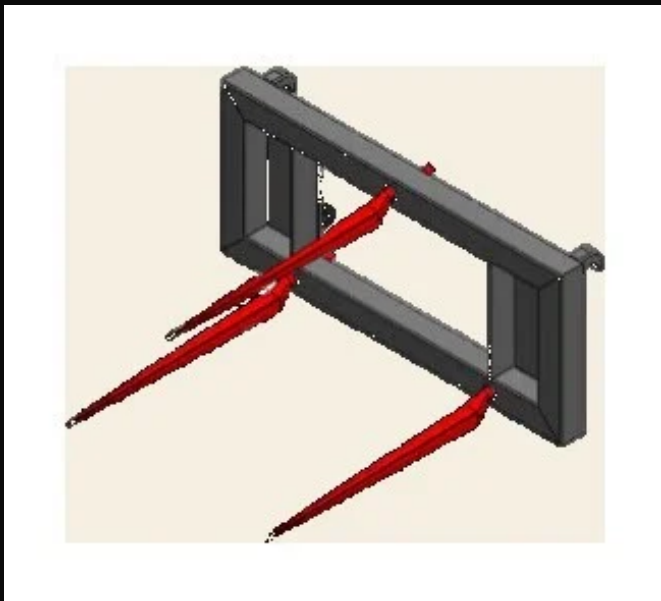

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Hochkippschaufel LDW-02

High-tip bucket LDW-02 — enlarged variant with volume 1.40–2.30 m³. 5 widths 1600–2400 mm.

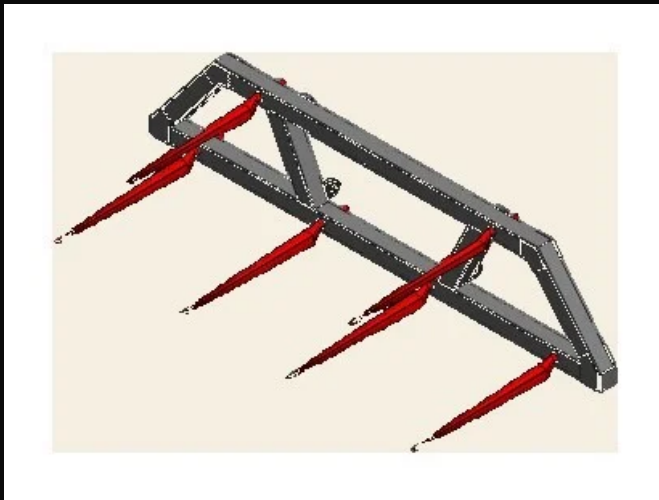

**TECHNICAL DATA**

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Hochkippschaufel LDW-03

High-tip bucket LDW-03 — heavy-duty variant with volume up to 3.00 m³. For high-volume bulk materials.

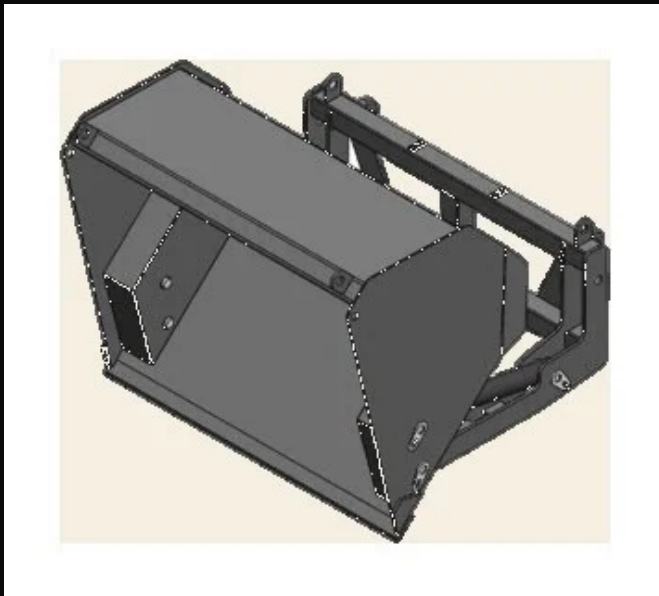

**TECHNICAL DATA**

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Pelikangebiss PZP-01

Pelican grab PZP-01 — grab bucket with hydraulically opening upper-jaw geometry. Universal application.

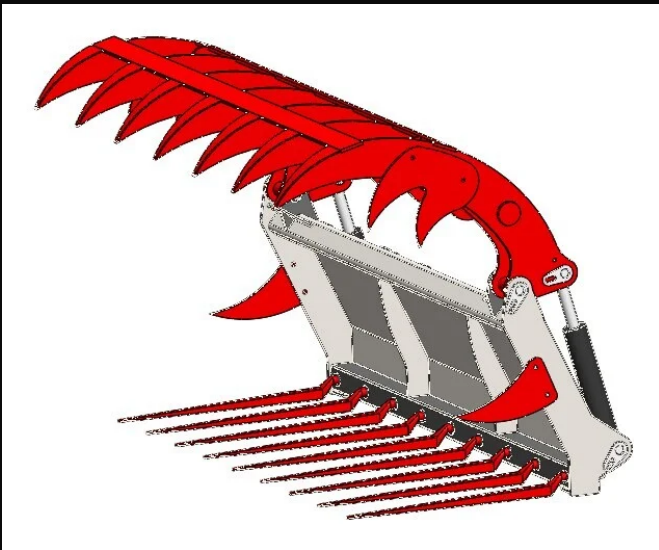

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN

ATTACHMENTS

Schaufel IA-03

Bucket IA-03 — XL universal bucket with volume up to 2.60 m³. 5 widths 1600–2400 mm.

TECHNICAL DATA

- › Euro mount compatible with GP010
- › Heavy-duty steel construction · Hardox wear parts
- › Tool-free quick-change
- › Spare parts in stock · Service in DE/EN
